VAIBHAV JINDAL

STUDENT

PROFILE

I am an active competitive programmer on various online judges and a tech entusisast with a knack for learning new technologies. I have good experience with programming languages like C/C++ and Python and front end web development with Html, CSS and Javascript. Apart from that, I am an active member of Programming and Robotics Club of UIET. I am looking for a suitable internship where I can apply my knowledge and skills for continuous improvement.
